Frequently Asked Questions

What is Apollo Care?

Apollo Care is a patient mobile app, provider dashboard and connected devices to help you be more successful in your program.

How does Apollo Care work?

The mobile app syncs with the BALANCE Scale, the STRIVE Tracker and other devices so you can:

- Track and monitor your program in real time
- Journal your meals, hydration, supplements, exercises and more
- Engage with your coach between clinic visits
- View your program progress
- Schedule consultations when needed

What are the benefits of Apollo Care?

You and your coach can view daily progress, tailor your program as needed and help you reach your goals. Patients who use the app report high satisfaction and improved motivation.

Is my data safe?

The platform is HIPAA and GDPR compliant to make sure all of your data is protected and only accessible by your coach.

How do I get started?
